Versatile nature in marshlands of National Park of Valkmusa offers you silence, relax and tastes of Finnish healthy berries. We'll visit an observation tower for birdwatching and admire views while walking along a duckboard of 2,4 km. Experience the bog in different shades of green in spring. In late summer, you may enjoy bog whortleberries, very C-vitamin rich cousin of blueberry, and in autumn, the colours of nature amaze every year the bog wanderers.
